I am SJE's Pastoral Associate of Catechesis teaching 6th through 8th grade religion at the school and assisting in youth ministry at the parish. I am most excited about helping kids and teens understand the depth of God's love for them through prayer and learning the Faith. The Church of Christ has over 2,000 years of saints that lived bold lives for God because they knew Christ never ceases to be alive. One of my strengths is making the Catholic Faith relevant to young people and accompanying youth into a deeper relationship with Christ.

I was attracted to SJE by the great evangelization work the church and school are doing to bring the community closer to Christ. SJE is engaged in active discipleship through a variety of initiatives. I am excited to be a part of the team and contribute as a religion teacher and youth minister. My goal has always been to spread the love of God with authenticity and excitement. In the words of Pope Francis, "Christ is alive!" This reality draws me to grow as an evangelist and develop new strategies to engage youth in learning the Catholic Faith.
