I love SJE because...it is a genuinely caring, compassionate, and prayerful, faith filled family. I love that I can pray with my students and teach my students with everything centered on Jesus. Our SJE family not only prays for each other, we pray with each other. "With God all things are possible." Matthew 19:26

We go above and beyond...from the moment that I first encountered SJE, everyone has been so warm and welcoming. I am blessed to be part of a school whose teachers and staff devoutly live their faith and have a passion for leading our students and their families to Jesus.

Learning is fun...celebrating each student's strengths and talents, while learning and growing together through innovative curriculum and fun, hands-on differentiated instruction rooted in our Catholic faith. At SJE, students develop their moral character as stewards of our Catholic faith through service projects and prayer. Our students genuinely care for others and want to make a positive difference. Spending each day with my Kindergarten students at SJE is a blessing.
