**I love SJE...** for many reasons. One of the most important reasons is that I can share my Catholic faith with my students and fellow teachers. I feel truly blessed watching my students grow in their relationship with Jesus!

**We go above and beyond...** I am a Eucharistic Minister for school liturgies. I am on the Yearbook, Catholic Schools Week, and Advent Committees. I also run morning Oasis for students who are dropped off early.

**Learning is Fun...** Second graders are enthusiastic learners! Learning is fun when we use technology and do hands-on projects. Second graders love to write. Twenty-first century second-graders also love to blog! We blog about various topics pertaining to the stories we read, things happening in school, and Jesus.
